

## Ph. D. Details

S.No.	Name of Scholar & Date of registration	Topic	Guide	Status
1	Ms. Lumeshwari Sahu 15.11.2019	'Isolation, screening and identification of highly efficient petroleum hydrocarbon degrading bacteria from petroleum oil contaminated sites'	Dr. Ranjana Shrivastava	Awarded
2	Mrs. Rekha Gupta 18.11.2019	'Studies on Indigenous Fungal strains for Thermostable Protease Production and Applications'	Dr. Pragya Kulkarni	Thesis Submitted
3	Ms. Anamika Sharma 18.11.2019	'A feasibility studies to develop Biopesticides against economically significant crop pest'	Dr. Pragya Kulkarni	Pursuing
4	Ms. Hempushpa Urwasha 19.11.2019	'Bioremediation potentiality studies on low density polythene degrading indigenous bacteria'	Dr. Pragya Kulkarni	Pursuing
5	Ms. Mansi Sahu 15.03.2021	'Aero-mycological studies in Primary health centers of Durg, Chhattisgarh'	Dr. Ranjana Shrivastava	Pursuing
6	Ms. Bharti Ahirwar 17.03.2021	'Biological Management of invasive weeds of some leguminous crop employing indigenous microbes'	Dr. Ranjana Shrivastava	Pursuing
7	Ms. Taniya Sahu 15.03.2021	'Isolation, Screening and Identification of Cellulase producing Bacteria from Pess Mud waste of Lah Purush Sardar Vallabhai Patel Sahakari Shakker Karkhana, Kabirdham and Standerdization of process parameters for cellulase production'	Dr. Rachna Chaudhary & Dr. Pragya Kulkarni	Pursuing
8	Amit Kumar Sahu 25.04.2022	'Studies on effect of Vesicular Arbuscular Mycorrhizal fungus for phosphate uptake on different varieties of paddy in Durg District of Chhattisgarh'	Dr. Shama A. Baig & Dr. Sanju Sinha	Pursuing
9	Ms. Laleeta 25.04.2022	'Study of Ammonia- Oxidizing bacteria as potential Biofertilizer from Durg District of Chhattisgarh region'	Dr. Rachana Chaudhary & Dr. Pragya Kulkarni	Pursuing

### Publications of Faculties (National & International journals)

S.No.	Name of Faculty	No. of Publications	
		Books/ Chapters	Research Papers
1.	Dr. Pragya Kulkarni	06	52
2.	Mrs. Rekha Gupta	-	02
