## About College

The Government V.Y.T.PG Autonomous College, Durg, Chhattisgarh, India, is a NAAC accredited A+ (4th Cycle) college and is feathered with Potential of Excellence (Phase III) granted by UGC, Centre of Excellence in Science by Government of Chhattisgarh, and DBT Star College by Department of Biotechnology, Government of India. Our college caters approximately 8000 students from all three faculties of Science, Arts, And Commerce with UG, PG, and Ph.D. programmes with 21 teaching departments. We are fortunate that we have the opportunity to serve diversified learners of urban, rural and indigenous tribes.

## About Department

The Department of Zoology is one of the oldest and was incepted along with inception of the college in 1958. Currently the department is managing UG, PG and Ph.D. programme with a Bioresources Complex featured with Fish culture technology, Vermicomposting technology and a Functional animal home as per guideline of Institutional Ethics and Animal Ethics welfare committee. The thrust area of research in the department are Biodiversity, Ethology, Environmental Assessments and Health Hazard Impact Analysis and Genomics.

## About Durg City

Durg city is the headquarter of Durg District, the third largest District of Chhattisgarh state. It is situated on the Howrah-Mumbai main line of South-Eastern Central railway. The city is also well connected by road with Nagpur and Jabalpur. The nearest airport is Swami Vivekanand Airport, Raipur, in the capital of Chhattisgarh, about 40 kms from the venue. The city has a cosmopolitan culture and is fast growing into a well developed and modern city with lots of potential.

## Objective of the Conference

This conference will be highlighting the significance of indigenous wisdom and rationale in addressing contemporary global challenges. Experts will have discourse on how preservation of traditional knowledge, strengthening community voice and protection of cultural heritage can offer valuable insights into biodiversity conservation, health, and community resilience. The conference also offers an exceptional tribune to faculties and research scholars by providing them the opportunity to share their ideas with national and international experts.

By integrating these age-old time-tested solutions with modern scientific approach, the seminar will emphasize fostering a holistic approach for ensuring a sustainable future for global societies.

### Sub themes

- Biodiversity and its conservation
- Global challenges and traditional knowledge
- Tribal knowledge and sustainable development
- Science of safety/Toxicology
- Indigenous medicine or folk medicine in modern practices
- National and International programs for tribal community
- Validation and Certification of traditional medicines
- Acts and Policies to sustain Indigenous knowledge

### Deadlines for Abstract and paper:

**For abstract: 30.01.2025**

**For full paper: 25.02.2025**

Abstract of original research work, described within 500 words and set in Times New Roman, font size 12 and spacing 1.5.

The full length Papers will be published in an edited and peer reviewed book with ISBN number. Book chapters should be submitted in following format:

Title, Author Name, Name of Institute, email Id of corresponding author, abstract, Keywords, Introduction, Material and methods, Result and discussion, Conclusion and Reference (in APA style)

Font Size 12 in Times New Roman, with 1.5 spacing.
