Report on Analysis of Teachers' Feedback on Curricular Aspects

Session 2021-22

With quality sustenance as its focus, the IQAC of the institution has developed the feedback mechanism beginning with obtaining feedback from the various stakeholders through a structured rating-based feedback form for continuous improvement in curriculum. The College aims to offer the best possible learning environment to the students in order to empower them to accomplish to their full potential. Feedback from teachers allows to expand the teaching and learning more extensively and to improve the understanding to higher levels.

Teachers nominated in the capacity of Dean and Subject experts in BOS of University and other Autonomous Colleges, also provides valuable suggestions for further improvement in the curriculum.

Methodology:

The feedback from Teachers on Curricular Aspects was obtained through Structured Questionnaire which included 10 questions on various aspects of curriculum and suggestion for further improvement.

A five-point Likert scale has been used with weights assigned from 1 to 5 to different levels as follows:

1- Strongly Disagree; 2- Disagree; 3- Neither Agree nor Disagree; 4- Agree; 5- Strongly Agree

The Range of each order or level is determined by the following formula:

$$\text{(Highest point in Likert Scale- Lowest point in Likert Scale)/ Number of Levels}$$

Therefore, Range= $(5-1)/5=4/5=0.8$

Hence, Range for:

1	Strongly Disagree	1.0 to 1.8
2	Disagree	1.8 to 2.6
3	Neither Agree nor Disagree	2.6 to 3.4
4	Agree	3.4 to 4.2
5	Strongly Agree	4.2 to 5.0
