Department of Physics

Audit report received after comprehensive Academic Audit conducted by IQAC and based on feedback suggestions related to curriculum from student, teachers, alumni and employers, the following actions were taken:

- All faculties were notified about the need for revision and quality enhancement issues regarding syllabus and they were encouraged to enrich the curriculum with reference to program specific outcomes and course outcomes and also to check on attainment of course outcomes
- Courses including labs of both B.Sc. Physics and Electronics and PG Physics program have been revised
- Value-added courses on Hands-On Basic Electronic Circuits, Electrical Circuits and Instrumentation, Hands-On Exp EYES and Arduino Software and Nano Science were originated as a part of curriculum enrichment
- Elective courses and new courses have been included for more academic flexibility
- Faculties were encouraged to adopt more innovative techniques and strategies for teaching like seminar presentation with weightage of marks as internal assessment and blended mode of learning was adopted
- Incorporation and mapping of Blooms Taxonomy with course outcomes and their attainment with program outcomes were practiced
- Regular study tours and extension activities were conducted
- Skill-based activities like promotion of internship were initiated and project-based learning were incorporated in the curriculum
- Membership of N-LIST was provided to PG students
- Collaborative initiatives under MOU for research and knowledge transfer has been enhanced
- International, National and State level Conferences, Seminar and Workshop were consistently planned and executed
- UG students are assigned with study of environmental issues in nearby locations as a part of EVS project
- Special classes for NET/ SET aspirants and Mock interviews for PSC selected candidates were organized
- Celebration of commemorative days were practiced as extra-curricular activities

Audit report received after comprehensive Academic Audit conducted by IQAC and based on feedback suggestions related to curriculum from student, teachers, alumni and employers, the following actions were taken:

- All faculties were notified about the need for revision and quality enhancement issues regarding syllabus and they were encouraged to enrich the curriculum with reference to program specific outcomes and course outcomes and also to check on attainment of course outcomes
- Courses including Lab courses of both B.Sc. Chemistry, Biochemistry and Industrial Chemistry and M.Sc. Chemistry program have been revised
- Value-added courses on Lab techniques in Chemical Analysis and Chemistry of Food Nutrition and Preservation were originated as a part of curriculum enrichment
- Elective courses and new courses have been included for more academic flexibility
- Faculties were encouraged to adopt more innovative techniques and strategies for teaching like seminar presentation with weightage of marks as internal assessment and blended mode of learning was practiced
- Incorporation and mapping of Blooms Taxonomy with course outcomes and their attainment with program outcomes was practiced
- Regular industrial visits, study tours and extension activities were conducted
- Skill-based activities like project-based learning were incorporated in the curriculum and hands on trainings were arranged in collaboration with reputed organizations
- Membership of N-LIST was provided to PG students
- Collaborative initiatives under MOU for research and knowledge transfer has been enhanced
- Interdisciplinary research was initiated with departments of Physics, Botany and Microbiology
- International, National and State level Conferences, Seminar and Workshop were consistently planned and executed
- UG students are assigned with study of environmental issues in nearby locations as a part of EVS project
- Special classes for NET/ SET aspirants and Mock interviews for PSC selected candidates were organized
- Celebration of commemorative days were observed as extra-curricular activities

Audit report received after comprehensive Academic Audit conducted by IQAC and based on feedback suggestions related to curriculum from student, teachers, alumni and employers, the following actions were taken:

- All faculties were notified about the need for revision and quality enhancement issues regarding syllabus and they were encouraged to enrich the curriculum with reference to program specific outcomes and course outcomes and also to check on attainment of course outcomes
- Courses of both UG and PG program has been revised
- Value-added courses on Lab techniques in Microbial Analysis and Food Safety and Advance Learning in Biological Science were initiated for curriculum enrichment
- Elective courses and new courses have been included for more academic flexibility
- Faculties were encouraged to adopt more innovative techniques and strategies for teaching. Online quiz and Team building activities like poster making competitions were organized
- Incorporation and mapping of Blooms Taxonomy with course outcomes and their attainment with program outcomes was practiced
- Seminar presentation with weightage of marks as internal assessment and blended mode of learning was practiced. Case study assignments were given to the students to acquire problem solving skills related to their subjects
- Regular industrial visits, study tours and extension activities were conducted. Skill-based activities like project-based learning were incorporated in the curriculum and hands on trainings were arranged in collaboration with reputed organizations
- Lectures on OER were taken for introduction of different types of copyrights and free access of study materials for advanced learning and Membership of N-LIST was provided to PG students
- Linkages and Collaborative initiatives under MOU for research and knowledge transfer has been enhanced
- Research Center was established to meet the competency with global, National and regional needs and interdisciplinary research was originated with department of Chemistry
- National Conferences and skill enhancing workshops were consistently planned and executed and prestigious alumni were invited to deliver motivational endowment lectures.
- UG students are assigned with study of environmental issues in nearby locations as a part of EVS project
- Celebration of commemorative days were practiced as extra-curricular activities
